Please read carefully:

1. I am the owner of this animal and wish him/her to be sterilised through the Gladstone PAWS desexing subsidy program.

2. I have provided a copy of my concession or pension card.

3. I understand that this application must be approved by GPAWS before I make the deposit.

4. I understand that I need to pay a specified amount towards the procedure, and this needs to be paid to Gladstone PAWS' account before GPAWS will book the surgery. This amount is printed on the following page. I understand that Gladstone PAWS will ONLY pay fees related to sterilisation, and no other procedure or treatment.

5. I understand that the procedure will be booked by Gladstone PAWS, and will be done at Boyne Tannum Vet Clinic.

6. I agree to transport the animal to the vet clinic at the time instructed (usually 7.30am) on the arranged day, and collect him/her the same afternoon of the operation, at a time directed by the clinic.

7. I understand that I need to remove food from the animal after 7pm the night before the procedure, and ensure he/she is given NO food the morning of the procedure. I will remove water from 7am on the day. ***If the animal accidentally eats on the morning of the procedure please contact both the vet and the Gladstone PAWS representative below to let us know. The booking will need to be rescheduled.***

8. I understand that Gladstone PAWS is acting as a financial aid and is not veterinary trained, and cannot give vet advice or be held responsible for the procedure itself. *Please consult with the vet clinic for any advice regarding the procedure and your pet.* I also understand that any procedure involving anaesthetic has some risk, and will not hold either the vet clinic nor Gladstone PAWS responsible for any loss.

When can Gladstone PAWS book your animal in? REMEMBER we don't request a booking until we've received your deposit, so take this into account when requesting a date. It's unlikely (but not impossible) that there will be availability within the next two weeks. **No desexings are done on a weekend**. Once we have a date from the clinic we'll email confirmation to you – please let us know you've received it. The clinic is very busy, so expect a wait of up to a week for a reply.

First Available: Monday Tuesday Wednesday Thursday Friday (circle all possible)

But not: _____(Any exceptions to the above)

Any other requests regarding a date: _____

_____

Email is our preferred method of contact, so that we can provide consistent information. **Please ensure you check your emails for any correspondence regarding the procedure, and acknowledge you have received it.**

If you have any questions, or need to contact us about this program, please contact:
